LIBRARIAN'S REPORT

In January, 1981, the Library added three more hours a week to the hours open in which to better serve the people of Nelson. We are now open twelve hours a week and are finding the Friday evening hours a convenient time for a lot of patrons.

A new lamp has been installed at the bottom of the steps, lighting the steps and making them safer during the evening hours.

The Librarian attended seven Nubanusit Coop meetings held in different towns in the area. She also attended District Advisory Council meetings in Keene, Newport and Charlestown. Due to changes in the State Library structure, the Advisory Councils are no longer active, and are being replaced by Forums.

Six sixth graders from the Munsonville school came to the Library last spring for a Library course taught by the Librarian. The course concluded with a trip to the Keene Junior High School Media Center in April.

The Library received a Certificate of Merit for meeting State requirements in 1980.

Twenty-three young people took part in the Summer Reading Program entitled, "Winnie the Pooh". A Pooh Party was held at the end of the summer. Nineteen youngsters came for the stories, games and refreshments.

Corinne Nash, former Marlborough Librarian, led the Story Hour during Old Home Week. She told some of her own stories she had written and published.

The Bookmobile made one visit during the year. The Bookmobile has been discontinued and the State Office in Keene has been closed and relocated in Concord. Once the office is settled, the Librarian will be notified and she will be traveling to Concord to pick out the books for this Library. She will either bring them back here, or they will be delivered by a van at a later date. Nevertheless, we still have Bookmobile books in this Library and will continue to have them.

Story hour was held every other Monday at 3:30 p.m. and an average of ten youngsters attended for stories and refreshments.

Books were taken every two weeks to the Munsonville School during the school year. Books were also supplied for Tomte Gubben School. My thanks to Dorothy French, Joan Warner, Ann Robertson, and Patty Thompson for their help in carrying books to the young people.

Three Trustee meetings were held at the Library during the year.

Fifty-seven books were obtained on Interlibrary loan.

One hundred forty-one books were catalogued during the year.

Number of volumes, December 31, 1980	3,065
Purchases	42
Gifts	<u>150</u>
Total volumes in circulation, December 31, 1981	3,257

Many thanks to those people who have given both books and money for books and recordings to the Library and to those who are giving current issues of periodicals. A special thanks to our Friends of the Library who help so much by adding to our book collection and by making some additions and improvements in our Library.

Circulation from the Library:

Adult non-fiction	442
Adult fiction	889
Juvenile (including books taken to schools)	2,846
Periodicals	74
Recordings and tapes	<u>77</u>
Total circulation	4,328

This is 217 books circulated over 1980!

The **NEWSLETTER** is carrying our latest in new books and book reviews written by Vera Balch and the Librarian. It also has up-to-date news from your Library. We are pleased to have this publicity.

My sincere thanks to Vera Balch, Patty Thompson, and Joan Warner for their help in the Library in 1981.

Respectfully submitted,
Patricia Packard
Librarian

REPORT OF THE CEMETERY BOARD

1981

The only financial report now required of this Board is a report of all income it has received and paid to the Selectmen during 1981.

These Receipts appear as follows:

Interest received from Cemetery Trust Funds	\$ 562.42
Payments received from sale of lots	<u>300.00</u>
	\$ 862.42

This has been a difficult year for the Sexton to do all the routine work of maintenance of both sections of the cemetery due to a very wet season but much of a survey has been completed. Also the western rotary portion of the driveway in the new section has been defined and surfaced with a fine grade of trap rock. We expect that similar work will continue toward the eastern rotary part near the road when weather permits.

We expect this treatment will not only enhance the durability of the driveway but prevent grass from growing in its area and improve the appearance of the whole section.

The hedge along its northern border has been twice trimmed this year and new special bronze plaques have been ordered for graves of veterans.

There have been four burials during the year.

The Cemetery Board recommends that the Town appropriate \$1800 for the cemetery expenses for 1982.

SEXTON'S REPORT

Town Hall and Old Brick Schoolhouse

The Town Buildings in 1981 have been rented 21 times for a -
Total of **\$ 630.00**

I would like to see a little improvement on the Town Hall so it isn't quite like a Barn. The Windows have never been able to adjust only by a pro like me. The heating system must be costing the town plenty. Hope something is appropriated to keep our buildings up dated.

POLICE REPORT

In September we lost Jon Perkins as our Police Chief. This was due to Jon taking a full time Police job in Rindge. Since I have completed the Part Time Police Officers School and have become Certified, I was asked to fill in until elections.

During the 1981 year the Police Department answered 162 calls. This is a drop over last year which may be attributed to heavier patrol giving us more exposure causing fewer burglaries and criminal mischief complaints. We have also noted a decline in motor vehicle accidents on Rt. 9. I feel this can be directly linked to the heavier use of radar, which we had the use of for approximately 6 months last year. Because of this decline and due to the fact we no longer have the use of the radar unit we will be looking into the possibility of purchasing one this year.

We purchased an additional pager for Frank Upton. This makes myself, or the two of us available 24 hours a day.

In closing I would like to thank the town for its support and the State Police and Sheriff's department for their assistance last year.

Respectfully submitted,
Michael Blaudschun

NELSON VOLUNTEER FIRE AND RESCUE DEPT.
1981 Report

In 1981 we had 41 calls which included 21 rescue calls, 10 of these were auto accidents. We had 17 fires of which 8 were chimney fires and we responded to three Mutual Aid calls.

Most of the serious fires were wood burning related, stoves, fireplaces and chimneys. Please be careful when you are burning wood.

The Nelson Volunteer Fire and Rescue Dept. members spent a total of approximately 2,000 manhours of their time for the benefit of the town of Nelson. As chief, I would like to thank all the members for giving their time.

Remember, when the snow has gone it is necessary to obtain a written permit before burning brush, rubbish and incinerators even if it is raining. The permits can be obtained from Robert West 847 - 9759, Richard Lothrop 847 - 9045, Dean Huber 847 - 3216, and Phil Chase. The hours for burning are as follows: **before 9 a.m. and after 5 p.m.** or anytime when it is raining. Please try to get permits a day in advance as someone may not be available to issue one.

To report a fire or other emergency, dial 352 - 1100.

Respectfully submitted,
Robert West
Fire Chief

NELSON CONSERVATION COMMISSION REPORT 1981 - 82

Frustrated by the series of poorly attended meetings that started the year wrong, the Commission adopted a novel formula for 1981-82. Instead of inviting 5 people to meet monthly ($5 \times 12 = 60$), we decided to invite fifteen people to meet quarterly ($15 \times 4 = 60$). It had a stimulating effect.

Not all of the people who were invited to our meetings became commissioners. Some served only as special advisors: David Sobel for Wetlands, Maury Collins for woodlands, David Upton for conservation education, and Anne Ames for recycling. Gerry Jeffery even carried out a bit of research for us in the courthouse where she hunted for the owner of Nelson's largest hydropower site. John Bunce, our representative for the Selectmen was only interested in conserving the town pocketbook. Our guests were greatly appreciated.

We chose four areas for long range plans and short range goals:

1. Munsonville School Conservation Education.
2. Solid waste disposal and recycling opportunities.
3. Wetlands protection and hydropower inventories.
4. Threats to Nelson's forests from six legged caterpillars and two legged tax appraisers.

In Old Home Week we attacked the caterpillars by scheduling what was supposed to wind up as an informed debate. "To Spray or not to Spray?" was our question. The Forest Society sent us Goeff Jones, whose amiable personality and persuasive evidence left the crowd convinced that spraying would be neither cost effective nor an assured answer to the scourge. After that there was no doubt left in our minds. The Selectmen knew that Nelson would not be a candidate for the pesticide squad.

Hope Langdon and Maury Collins are presently organizing a panel presentation for the third week in March. This will be an opportunity for landowners who need to find ways of making their forests and the tax laws work for them without compromising the future productivity of Nelson's woodlands. Forest realtor, Steve Levin, of Acworth will be one speaker.

A program for recycling education in the Munsonville school is also being formulated. Mike Iselin and Anne Ames will be the prime movers.

It has occurred to us that there may be some more Nelson people who would like to be invited to our quarterly fora. Don't be shy! Call Bill Wiechert, Hope Langdon or myself, and we will see that you get an invitation.

Respectfully submitted,
Cornelia Iselin

SELECTMEN'S REPORT

1981

This past year has seen the completion of the State ordered reappraisal. With the initial part of this project complete, the town has established a good data base for all future work dealing with property evaluation. Before this had been done, property appraisal information for the town had been sketchy. As with every record-keeping process, there will be an ongoing update of this information. The State will be in next year to update our records based upon sales, new construction and any remodeling. Also, to aid with our record keeping, we have purchased a fireproof filing cabinet to store the appraisal record cards. A computer system is being used to manage all of this information and to produce the town blotter, tax warrant, inventory addresses and tax bills. The tax map was also completed to the best level possible based upon present information. This also will be updated each year.

Assorted highway projects were done this year along with our general maintenance. Gravel replacement was done on City Hill Road, Dixon Hill, and scattered areas throughout the town. One mile of tarred road was sanded and oiled to seal it. The beginning of this winter has been quite hard on the town equipment. Due to this and the equipments age, we must start thinking about replacement in the future.

A new Town Clerk was appointed this year due to a resignation. Susan Mahnke is running the office from the Old Brick Schoolhouse.

Hopefully this coming year will see an update of the current use information to add to the reappraisal. This should correct problems in this area and help future tax computation. We also are planning some additional road work to upgrade areas not done to date.

Respectfully,
Chairman of the Board of Selectmen

ANNUAL SCHOOL MEETING

March 6, 1981

The polls were opened for persons wishing to vote for the officers listed by non-partisan ballot as required by law by the Moderator, Ethan C. Tolman, at the Nelson Town Hall, at 5:00 p.m. The Moderator announced that the polls would remain open until 10:00 p.m.

The checklist was handed over to the Clerk and signed by the Clerk and the Supervisors of the Checklist.

The Annual School Meeting warrant was read at 8:00 p.m. and the meeting was called to order.

Mr. Tolman introduced Mr. Richard Champagne and Dr. Bernard Ellis for SAU 29 and allowed that "they may respond on technical points or points of interest throughout the meeting through the Moderator."

Article 1: The Physical Education Study Report was presented by David Sobel as it appears in the 1980 Town Report. It was then moved and seconded that reports of agents, auditors, committees or officers chosen be accepted as presented. The motion carried.

Article 2: It was moved and seconded that the District authorize the School Board to make application for, and to accept and use in the name of the District, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, the State of New Hampshire, or any department or agency thereof, or any federal, state, or private agency. The motion carried.

Article 3: It was moved and seconded that if appropriate legislation is adopted that the Nelson School District authorize the School Board to apply for, accept and expend, without further action by the School District Meeting, money from the state, federal or other government unit or a private source which becomes available during the 1981-82 school fiscal year provided that such expenditure be made for purposes for which a School District may appropriate money and that such expenditures not require the expenditure of other School District funds. Further, that the School Board hold a public hearing prior to accepting and spending such money. The motion carried.

Article 4: It was moved and seconded that the District raise and appropriate the sum of \$175.00 to send the fifth grade students to Camp Union. The motion carried. There will be 3 students going to Camp Union this year.

Article 5: It was moved and seconded that the District raise and appropriate the sum of \$500.00 to be deposited in the Capital Reserve Fund established at the March, 1972, District meeting for the purpose of construction of buildings and/or purchase of equipment, and/or the acquisition of land for school purposes. The motion carried. The present balance is \$4,391.95.

Article 6: It was moved and seconded that the District raise and appropriate the sum of \$227,195 for the support of schools, for the salary of school district officers and agents, and for the statutory obligations of the District. The motion carried.

Article 7: "To choose agents and committees on relation to any subject embraced in this warrant" was passed over.

Article 8: It was moved and seconded that the District raise and appropriate the sum of \$2,000.00 to continue the energy conservation program at the Munsonville School. The motion carried.

Article 9: Under Article 9, a motion was made and seconded to adjourn the meeting, and the meeting was thus adjourned at 8:45 p.m. and the polls closed at 10:00 p.m.

Respectfully submitted.

MUNSONVILLE ELEMENTARY SCHOOL Principal's Report

The 1981-82 school year began on September 1, with an enrollment of 31 students. Mr. William Sparrgrove, Guidance Counselor, is new to our staff this year.

The Language Arts Curriculum Guide is in its first year of implementation in our school and a Math Continuum is currently being developed. Academic achievement continues to be of great importance. Enrichment programs are developed in addition to instruction in basic skills areas.

We are piloting an instrumental music program sponsored by the Packersfield and is under the direction of Karen Enright. Participation and enthusiasm have been exceptional. The ski program, now in its second year, continues to be of great interest to the students. We thank parents involved in making that program successful. A special thanks to the Packersfield and the town of Nelson who, through tremendous effort, will make our dream of a basketball court come true. The completion date is set for springtime.

We would like to express our appreciation for the interest, support and help given us by parents, community, school board and S.A.U. 29. This is an important component in maintaining a program of quality education for our young people.

ADMINISTRATIVE REPORT

The central reality of life as it affects the schools today is of perseverance and a permanence of change. The world of our youth and the world of our age are separate spheres, and the distance between them becomes greater as we move further into the last twenty years of this century. Just as we are living in a world our parents never knew, so our young people will be living most of their lives in a world more difficult for them and for us to envision. The world our young people will be called upon to manage will be different from the world we know or can clearly foresee.

We need to invest, therefore, energy and substance in working out the processes and decisions necessary to invent the new, more manageable future, available to all, which mushrooming technology reality demands and schools that are inconsistent with these changes, unwilling to accept the risk of criticism, and are fearful of probing into the future, do us no service.

The schools in the towns of Administrative Unit 29 have spent the past three years in evaluating, testing and examining the education which is offered to our children. Staff members and administration have spent untold hours in developing a new Language Arts Continuum and a record keeping system which will monitor the new language program. As this report is written, a committee of teachers and administrators is developing a math continuum which should be available in a pilot state by September of 1982. In connection with the Language Arts Program, the basic reading series have been reexamined and, in some cases, new textbooks and supplemental materials have been purchased.

The ongoing accountability program is continuing in two phases. The standardized achievement testing is administered to all students in February, and the Administrative Unit Accountability Tests are administered to pupils in grades 5, 8, and 11 in the spring of each year. The administration and the teaching staff are utilizing the results of the achievement tests as a tool to not only evaluate the present curriculum material, but also the progress of our students as individuals and as members of class groups. We will continue, as in the past, to report the results of our accountability testing program to the Board and public in the spring of each year.

It is our hope that through the continuing process of reexamination, reevaluation and redefining our goals, we can provide the type of education which will enable our children to be productive members of the 21st century.

Responsive to the needs, the aspirations, and capacity of the citizens it represents, the school boards lead the continuing effort to make good schools better. Board members have earned the community's thanks for the heavy investment of time, energy, and wisdom in a school system where children will reap the rewards for years to come.

REPORT OF THE SCHOOL NURSE

Heights and Weights were taken and recorded. Eye testing and Hearing testing were done and the results recorded. There were no problems found. I enjoy this aspect of my job very much and the students enjoy it also. There were no serious injuries this fall.

As the 1982 school year begins, there is a dry brush program scheduled for January. This is being conducted by the N.H. Bureau of Dental Health. In February there will be a T.B. Clinic. There will be head checks done once a month or more often as needed. I hope, that with frequent checking, this problem will soon disappear from our school.

Fourth grade physicals will be set up in the spring with our new school doctor, Dr. Charles McMurphy. There is also going to be a dental program conducted either at the end of April, or the beginning of May, depending on the availability of the equipment.

The PSV-PSH testing will be done towards the end of May, or the beginning of June, depending on the schedule of those who are conducting this program. It is a program I participate in and enjoy very much. It helps me, as school nurse, to know if incoming first graders are coming with either eye or ear problems. This information is passed on to the teachers. I also plan to be present on registration day for incoming first graders for the 1982-83 school year. It is a good opportunity for me to meet the children and their parents. At this time I inform the parents of the immunizations required, and that a physical exam is required before the child starts school in the fall.

I am looking forward to conducting the programs scheduled for the rest of the school year. I greatly appreciate the help and cooperation which I receive from the staff at the Munsonville School Mrs. Jackie Martin, Mrs. Martha Marsette, and Mrs. Judy Sargent are truly a credit to their profession. It is quite obvious to me that they all have a good understanding of first aid procedures and can administer first aid safely and correctly. This is important to me because I am at school only a short time during the week. Many times accidents happen when I am not there.

My main objective is to have a well balanced health program for the students of Munsonville School. I am always open to any suggestions for health programs which the parents or school board may wish to have conducted by me concerning health and/or growth and development. I am always available to answer any questions anyone may have concerning my job as school nurse.

In closing I would like to say that it is a pleasure for me to be the School Nurse for the Munsonville School.

Sincerely
Gail Crotto, R.N.
School Nurse
